2018 Nonprofit of the Year

The BCF Board of Directors, staff, and volunteers extend our sincerest appreciation to the Corvallis Chamber of Commerce for naming the Benton Community Foundation “2018 Nonprofit of the Year.”

We are deeply honored to be doing our work on behalf of community members both past and present, and we are extremely grateful for this generous recognition.

Message from the Board Chair

Let’s make a difference together. The Benton Community Foundation is in the business of partnering with committed donors and community members who seek to transform the lives of those in need in our community. As Board Chair, I want to thank you for making this past year eminently successful.

Because of what you, our donors, have given, BCF has provided more grants and scholarships to area non-profits and individuals than ever before. Put simply, you are creating opportunities and improving lives. On behalf of the Board of Directors, we deeply appreciate your involvement and impact.

This year, the Foundation board, along with our staff, have focused our strategic plan to significantly advance our community culture of philanthropy. I am especially proud of the work of the committed volunteers who make up our Board of Directors and our many committees. Their drive, enthusiasm, and determination to elevate and maximize the impact of the Foundation is truly inspiring.

The Benton Community Foundation is your community foundation. From a small investment more than 65 years ago, the Foundation has grown to over $20 million dollars today, and with your help, we will continue growing, making a better Benton County together forever.

Ilene Kleinsorge
Chair of the Board of Directors
**Clemens Community Pool**

**About the grant**

In November 2018, the Benton Community Foundation awarded $734,000 to the Philomath School District for much-needed repairs and renovations at Clemens Community Pool, located at Philomath High School. At nearly sixty years old, the pool was nearing the end of its original lifespan, and needed a significant influx of funding in order to continue operating. Clemens Community Pool is a hub for the Philomath community, and is a truly unique resource for a community of its size.

**History of the pool endowment**

The 2018 grant was made possible by an endowment established in 1994 by Leonard and Kitty Nitka, who endowed $500,000 for the support of the Clemens Community Pool. Their investment has grown to more than $1.2 million, while continuing to provide operational funding to the pool each year. Because of the Benton Community Foundation’s careful stewardship of these funds over time, in 2018 the Foundation was in a position to make this large grant, while reinvesting a significant amount of the endowment to continue support of the pool in perpetuity. We believe this grant preserves the Nitkas vision for a community pool in Philomath, where kids can exercise, socialize, and learn to swim.

---

**Funding in rural Benton County**

Philomath’s pool was originally established with a generous gift by Rex and Ethel Clemens, beloved local philanthropists who wanted the children of the greater Philomath area to have a safe place to learn to swim. The pool now serves Philomath students, who take swim lessons during the day, as well as a swim team, and numerous community members from across Philomath to Alsea to Kings Valley.

“I think the word community is key. What you see when you come to Philomath is people who want to do things here. It makes community more possible because it makes connecting more possible.”

– Ellen Luke, Pool Director
2018 Scholarships

In 2018, the Benton Community Foundation awarded more than $235,000 in scholarships to 76 students from Benton County high schools. More than 86% of these dollars were disbursed to Oregon State University or Linn-Benton Community College, and more than 94% of the dollars stayed in Oregon.

This year’s scholarship recipients are preparing for careers in business; finance; nursing; veterinary medicine; pharmacy; wildlife science; food science; forestry; electrical, chemical, and mechanical engineering; bioengineering; robotics; public policy; criminal justice; military science; art; history; and education.

Scholarship funds can be designated for students graduating from a specific high school, studying a specific field, attending a certain institution, or other criteria of your choosing.

Masonic Endowed Scholarship

The Masonic Endowed Scholarship has been supporting graduates of Benton County high schools since 2014. Maggie Newell, the scholarship’s 2018 recipient, currently studies at Oregon State University, and plans to pursue a medical field such as anesthesiology or neurology. “Thinking about my future, going through medical school, is stressful,” said Maggie. “Getting scholarships like this has really helped.”

Marys River Masonic Lodge, No. 221, in Corvallis is continuing the Masons’ philanthropic tradition of making quality education more accessible to everyone. “Mary’s River Lodge is grateful for the fine work that the Benton Community Foundation has performed in managing donations and coordinating scholarships on behalf of the community and our Lodge,” said Lodge member Jim Woods. “We look forward to our continuing relationship.”

2018 Grants

Designated Funds
In 2018, BCF’s Designated Funds distributed more than $1 million in grants to 48 local organizations. The majority of this funding was a unique grant of $734,000 to the Clemens Community Pool in Philomath. The additional $277,000 represents consistent, annual funding that is awarded to various charities each year based on the intent of the donor. Some donors designate the entire grant from their fund to one organization, while others designate as many as nine different recipients.

Agency Endowments
Agency Funds are established by local organizations to create a source of ongoing, sustainable revenue. In 2018, BCF’s Agency Endowments distributed a total of about $19,000 to nine local agencies, including Cornerstone Associates, the Corvallis Caring Place, Benton County Historical Society, and the Corvallis Professional Firefighters.

Community Funds
Community Funds are endowed resources that support BCF’s annual competitive grant cycle. Many are restricted to certain fields of interest—basic needs, arts and culture, or civic responsibility, for example—while others are intended for the general well-being of youth and families in Benton County. During the 2018 grant cycle, more than $85,000 was awarded to 24 organizations.

In addition to the grant cycle, BCF Community Funds also fund two local initiatives: The Lagetee Rural Initiative provided $43,000 to Strengthening Rural Families, while the Guthrie-Millsap Youth Career Exploration Initiative provided $29,000 to the Boys & Girls Club of Corvallis in support of the T3: Training Teens for Tomorrow program.

If you would like to learn more about how a fund at the Benton Community Foundation can help you achieve your philanthropic goals, contact our team at 541.753.1603.

Donor Advised Funds
In 2018, DAFs at the Benton Community Foundation provided fourteen grants totaling $30,000. DAFs give community members a flexible resource for supporting the causes they’re passionate about. A few of this year’s grants:

- The Emilie Jo Pastega Simpson Fund supported a performance by Gideon Freudmann, founding member of the Portland Cello Project, who performed for the Corvallis Youth Symphony Elementary Strings at the Majestic Theatre
- The ROTC & Veterans Support Fund facilitated two veterans’ travel expenses to Washington, D.C., so they could visit the memorials built to honor their military service
- The Alice Mills Morrow Fund supported the new “Benton Borrow a Lifejacket” program at Osborn Aquatic Center, which lends lifejackets to youth and adults so they can safely enjoy and explore our area’s aquatic spaces

In 2018, two funds from the Benton Community Foundation awarded a total $15,000 to Corvallis public schools to launch Sources of Strength, a youth suicide prevention program that promotes positive connections between peers and adults.
New Funds in 2018 at the Benton Community Foundation

Community Fund
Alice Mills Morrow Community Grant Endowment

The Alice Mills Morrow Community Grant Endowment will provide annual support to BCF’s Community Grants cycle, where each year, local nonprofits and charitable organizations submit grant proposals for review by BCF’s Grants Committee and Board of Directors. “The reason I selected the Community Grant endowment was the flexibility it allows,” said Alice. “I can pull together the general framework of what my intent is, and the committee can adjust to what’s current and what’s needed in the community.”

The new endowment will fund non-profit organizations that provide for the basic needs of families with children, in accordance with Alice’s philanthropic wishes. The endowment will provide this support in perpetuity.

To learn more about how Community Grant funds can fulfill your own philanthropic goals, please contact the BCF team at 541.753.1603.

Designated Fund
Rotary Club of Corvallis Morning Jackson Street Youth Services Fund

In 2018, the Rotary Club of Corvallis Morning announced that sadly it would be holding its final meeting. For more than thirty years, the club has supported community efforts across Benton County, and recently made their contributions using a Donor Advised Fund at BCF. As the club made plans to dissolve, they decided to convert their Donor Advised Fund into an endowed fund, designated to support Jackson Street Youth Services. This way, the club’s generous spirit will be preserved, and their hard work will continue to benefit local youth, year after year.
New Funds in 2018 (continued)

Donor Advised Fund
Susan & David Cook Donor Advised Fund

When the new tax laws took effect in 2018, many community members were uncertain of how the new standard deductions would affect their charitable contributions. “We had some discussions with our financial advisor about how the new standard deduction would affect us; we were just unsure if we should change anything,” said Dave. “Our advisor was the one who found out about the Foundation. He came up with a plan of doing multiple years’ donations into one year, and being able to accommodate the raised standard deduction.”

The Cooks’ new Donor Advised Fund has made it easier to support the organizations they’ve long been passionate about, like the Old Mill Center for Children and Families. “The concept I like about Old Mill, it’s working with the children, the foundation of the community,” said Susan. “They’re the ones who grow up and benefit us all.”

To learn more about how a fund at BCF might fit your situation, reach out to our team at 541.753.1603.

Agency Fund
Corvallis Environmental Center Endowment

Agency endowments are established by local nonprofit organizations for the long-term support of their operations. BCF invests the funds and grants a portion of the endowment back to the agency each year. “The fund appealed to us because, as a community-based organization, we wanted to invest locally and be part of building up the community as a whole,” said Diane Converse, Executive Director of the Corvallis Environmental Center. The CEC’s fund is unique in that part of the endowment is restricted, while a portion of the funds can be made available to the agency in particular circumstances. This flexibility ensures the agency has what it needs to do its amazing work for our community.

To learn more about how endowments can fulfill the long-term goals of your organization, please contact our team at 541.753.1603.

Finances & Investments

Our Investment Policy

BCF’s investment policy is built on the precepts of diversification, a long-term strategic focus, and prudent risk management. The Finance Committee—comprised of local, experienced investment professionals—assists the Board of Directors in establishing guidelines, setting the asset allocation, and monitoring the results. We strive to balance the needs of today with growth for tomorrow.

Diversified Asset Allocation

A prudently diversified portfolio and a structured, disciplined process are keys to generating the greatest return while minimizing the risk of loss during ever-changing market conditions. Our portfolio is well-diversified between asset class and size, geographic location, and among complementary management styles.

Excellent Investment Management

BCF’s assets are entrusted to best-in-class asset managers selected for their expertise in specific areas of the market. We currently utilize fourteen money management firms in seventeen distinct strategies.

Create a Legacy

Many endowments at BCF were created by community members who chose to include the Benton Community Foundation in their estate plans, designating organizations or types of programs they wished to support. Each year BCF follows through on their intent, awarding scholarships to local students and grants to local charitable organizations throughout the mid-Willamette Valley.

The best way to ensure that you and your family’s wishes are fulfilled is by contacting the Foundation and discussing your philanthropic goals. Our experienced staff can help you determine the right fit for your situation by working with you, your family, and your financial advisor.

If you have questions about planned giving, please contact our team at 541.753.1603.

For good. For ever.
Message from the President/CEO

Thank you for making the Benton Community Foundation’s 65th year of philanthropy one of our most exciting ever! We started the year with ambitious goals, and with the support of donors, nonprofit partners, and local leaders, we far exceeded what we dreamt was possible, distributing in 2018 more than $1.4 million.

What matters, though, isn’t how many dollars we granted; it’s how the dollars we granted will make a difference in people’s lives. Here’s how:

In May, BCF granted $15,000 to Corvallis public schools for a teen mental health initiative. In the fall, more than eighty college-bound students received BCF scholarships to defray the cost of their higher education. In November, we worked closely with the Philomath School District to save a treasured resource, the Clemens Community Pool, where each year hundreds of children learn to swim and countless community members exercise and connect. The pool is a source of pride for generations of people who have swum there with their children and grandchildren, and we’re proud to honor the legacies of Leonard and Kitty Nitka by investing $734,000 to keep the pool open for another ten years, and beyond.

The Foundation had a remarkable 2018 because so many of you worked so hard to enhance the communities where we live. Nonprofits convened in Philomath to better understand how we can leverage our various resources; donors opened new funds to make a permanent impact across our county; and volunteers of all ages have found ways to support their neighbors’ aspirations. Thank you all for being here for each other. And to everyone who calls Benton County home, now and in the future, we are here for you too.

If you are interested in joining this work, as a volunteer, a donor, a fundholder, don’t hesitate to give us a call. We are grateful for your support, and excited for the future. Let’s create it together.
